

Mason-Griffith Founders Chapter of Trout Unlimited
2022 Schedule of Chapter Volunteer River Projects

| Project | Date |
|--|-------------|
| Clearing Rivers of Navigation Hazards | As Needed |
| Au Sable River MiCorps Insect Surveys | May 4 |
| Manistee River MiCorps Insect Surveys | May 11 |
| Deward Tract Cedar Tree Cage Cutting | May 17 |
| Deward Tract Cedar Tree Cage Replacement | May 18 |
| Beaver Dam Removal (Big Creek & Kolka Creek) | May 25 |
| Temp Logger Placement on Au Sable | Late May |
| Au Sable River Access Maintenance | June 8 |
| Work with MGFTU Summer Crew | July 6 |
| Upper Au Sable Redd Survey | Nov |

Please note that most Chapter projects are scheduled for Wednesdays and will meet at the Old Au Sable Fly Shop at 9 a.m.

Projects should be completed by 1 p.m. and this year the Chapter will be providing lunch following each project. We will be conducting the Manistee River Insect Survey in conjunction with the Upper Manistee River Association and they will provide most of the volunteers for their three insect survey sites.

You will be receiving additional project updates the first of each month (along with a listing of projects that other river advocacy groups are planning) in case dates need to be changed. Sign up (even if you not positive if you can make it) by responding to volunteer project emails or email randrus45@gmail.com. If you've signed up for a project you will receive an email reminder several days prior to the project suggesting what you might bring with you. Thanks, Bob
